

# SMART Hopper

## Multi-Coin Hopper & Recycler

The SMART Hopper is a state of the art multi-coin hopper and recycler that eliminates coin starvation. Boasting a market leading mixed coin capacity, the SMART Hopper removes the need for multiple hoppers, maximising cash efficiency. It reduces the cost of handling coins internally, eliminating the need for multiple hoppers & sorters. Operating at an industry leading 12 coins per second the SMART Hopper is a true multi-coin payout unit capable of accepting all coins passed through the coin mechanism.

### Features

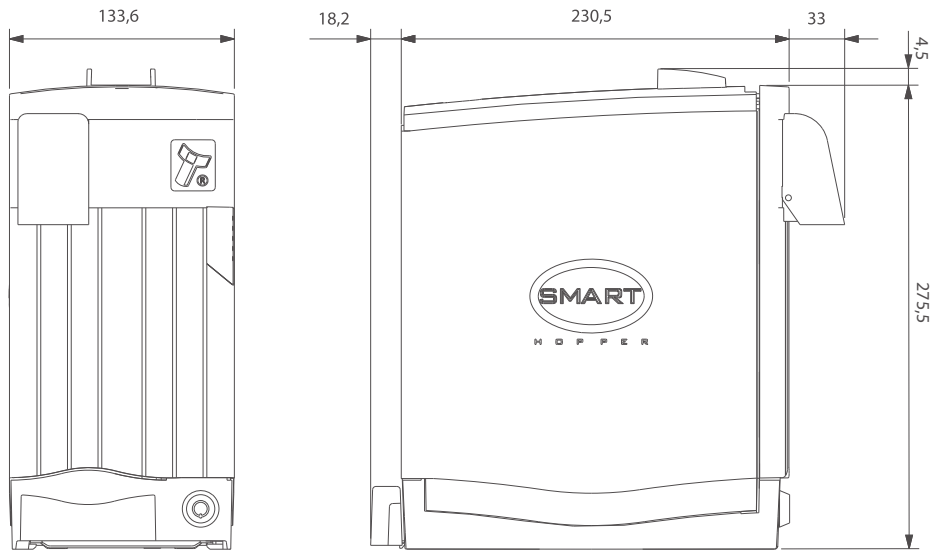

- ✓ Proven field reliability
- ✓ Collects, discriminates and stores mixed coins
