

# Dual-Sided LCDs

## Interior Signage

21.5" and 27" Landscape LCD

23" Portrait LCD

With its stylish design the Dual-Sided LCDs displays are a slick way to share content, catching customers coming and going. Available in three distinct sizes to insure the perfect fit for your venue. The low power requirements allow the display to stand out just about anywhere. To eliminate dual graphic and multiple PC issues both displays are driven by a single HDMI signal source.

### Features

- ✓ Adjustable LED lighting feature
- ✓ FHD LED industrial wide viewing angle panel
- ✓ HDMI connection
- ✓ One signal source for dual display
- ✓ 12VDC input power
- ✓ Black bezel with colored inner frame
- ✓ Custom<sup>†</sup> length round mounting pole available
