

SH1950 Video Topper

19.5" Wide Viewing Angle LCD

The SH1950 Video Topper consists of a 19.5" wide viewing angle panel, VGA, DVI, DP, HDMI and 12V inputs, and is equipped with a black bezel. All 4 sides have RGB LED illumination, covered by an acrylic front plate. FHD input resolution is supported for compatibility with most media players.

The SH1950 Video Topper is manufactured in SUZOHAPP China, in accordance with the highest standards. Final assembly, as well as customizations, are done at our local production facilities in the USA and Poland. Various mounting options are available for popular slot machines, and others can be customized.

The SH1950 Video Topper is a great addition to every cabinet!
