Temperature Readers

NON-CONTACT INFRARED THERMOMETER

Part Number: 92-2693-00

Meet new government standards in your small-scale operation and take accurate temperature readings without spreading additional germs with this **one second, non-contact infrared thermometer**. Ensure the safety and health of your staff and customers by instantly checking every person coming through your door with this noninvasive step.

- 1-Second Measurement Time
- Non-Contact Infrared
- 32 Record Memory
- Large Screen Display
- High-Temperature Alarm
- Display Range: 95°F (34.8 °C) – 108.5 °F (42.5 °C)
- Accuracy: ±0.36°F (0.2°C)
- Resolution: 0.1°F/°C

In the human body mode, this thermometer can display the temperature results and prompt with different indicative warning colors for immediate recognition as follows:

- **Green**/Healthy: 89.6°F (32.0°C) -99.32°F(37.4°C)
- **Orange**/Above Average: 99.5°F(37.5°C)-100.2°F (37.9°C)
- **Red** for High/Danger: 100.4°F(38.0°C) -109.2°F(42.9°C)

Specifications Met: FDA Listed, CE Marked, FCC Approved

Requires 2 AA batteries not included

Temperature Readers

THERMAL IMAGING FACE RECOGNITION TERMINAL

Utilizing advanced infrared thermal imaging technology, these imported sensors are used to **support face recognition and automate body temperature measurement**. Optional functionality includes ability to upload captured pictures and meta event data to your access management platform via an API. After face recognition and/or temperature threshold has passed checks, the access control function can then be granted or denied. The high temperature warning value can be preset with a warning window that will pop up when a high temperature is detected, then a captured picture will be uploaded to the platform.

- Heimann Thermal Temperature Sensing, 30 °C- 45 °C
- 2.0 Mega-pixels, Wide-angle wide dynamic camera
- Facial recognition distance 0.3m-1m
- Height range of 1.4m-1.9m
- 1: N recognition time $\leq 0.5s$ / per person
- Face verification accuracy rate $\geq 99\%$
- Supports 10,000 off-line face image storage database & 100,000 off-line event records
- Customizable, high temperature audible alerts and a warning window will pop up when high temperature is detected

Installation options with integrated, tidy cabling systems:

Desktop Stand (included as standard), Floor-standing, Wall-mounted (optional).

Personal Protective Equipment TOUCHLESS HAND-SANITIZING KIOSK WITH DIGITAL DISPLAY

These sanitizing kiosks allow for touch-free sanitizing while also displaying the content of your choosing in a thoughtfully designed station. Kiosks are fully customizable with your logos and designs **for a quality, branded experience**. These kiosks are ideal for lobbies and entry points where you want to make a visual statement or share information with customers while also ensuring they are practicing safe hygiene protocols.

Wall Mount

Stand Mount

- Can be stand mounted or wall mounted
- Customizable to include display or use your own
- Design includes (1) PURELL® TFX™ Touch Free Dispenser- 3 9V batteries requires (not included) but can also be customized for your own touchless dispensers

- Easy-access panel for sanitizer refill
- Digital Display is 21.5" (ask your sales representative for custom options to use your own display)
- Sleek and appealing

Personal Protective Equipment SOCIAL DISTANCING SEPARATORS FOR CASINOS AND GAMING HALLS

Protect your staff and customers from the rapid spread of airborne bacterial germs caused by sneezing and coughing. These protective shields are designed as a defensive barrier that **allows for normal gameplay** while easing the concerns of your employees and customers. Separators also **allow you to maximize operational games on your floor**. Contact your sales representative to customize your solution based on your layout, quantity, and budgetary needs as multiple options are available.

Slot Machine Separators
High Quality, Custom Solution Keeps
More Machines Operational

Table Game Separators
High-Quality, Custom-Designed to Maintain Normal Game
Experience with Added Protection

- Post and base are made of powder coated steel (available in black and gold)
- PVC protective edge (available in black, gold and transparent)
- Available with rectangular and round base
- Protective shield is made of non-breakable Polycarbonate (High-quality plexi)
- Protective shield is adjustable in both directions

Versions:

High Version

- Recommended for slot machines & high gaming tables
- Overall height 189 cm (75 inch)
- Shield 90x90 cm (35x35 inch)

Low Version

- Recommended for slots & low gaming tables (i.e. Poker & Baccarat)
- Overall height 154 cm (60 inch)
- Shield 90x60 cm (35x24 inch)

Twin Pipe Separators

Personal Protective Equipment

TOUCHLESS HAND SANITIZER DISPENSER

Part Number: 29-0417-00

This touchless hand sanitizer dispenser is ideal for high-traffic areas and is made to provide long-lasting strength and use. The 1200 ML dispenser **can be used with any bulk foam or gel hand sanitizer or can be used as a soap dispenser**. It is ADA compliant in force and one-handed operation, making it accessible to people with disabilities. Made of durable ABS plastic construction that is resistant to chemicals, heat and impact, it is also equipped with a site window to easily monitor the soap level and a drip tray to ensure floors remain clean. The dispenser is quiet, powerful, and battery-operated.

- Works with your own bulk foam/gel hand sanitizer or soap
- Large 1200ml capacity requires less frequent refills
- Automatic, Hands-Free Operation for improved hand hygiene
- Includes drip tray
- Dispenser is equipped with lock and key to prevent vandalism
- Requires (4) C Batteries (not included)
- ADA Compliant

Personal Protective Equipment HAND SANITIZER DISPENSER

This compact automatic dispenser is a **highly cost-effective solution**. It provides touch-free operation by allowing users to move their hands near the sensor to receive hand sanitizer and avoid touching the dispenser handle. This sanitizer station is freestanding to allow you to place it wherever you need. The base can be also separated and re-used for other purposes.

- 290 Width × 1550 Height x 290 Depth (mm)
- 1 L capacity (dispensing approximately 1000 times per fill-up)
- 15" Metal cabinet, resistant to temperature changes and atmospheric agents
- High precision infrared sensor to measure to automate body temperature measurement (optional)
- Includes a drip tray, a basket for used gloves and at the top a space to place a box of new gloves
- Color and customer's brand customization

Personal Protective Equipment

ZOONO GERMFREE24 HAND SANITIZER

Part Number: 29-0418-00/29-0419-00

Not all hand sanitizers are created equal. Most sanitizers work for only 2 minutes at a time. Zoono GermFree24 Hand Sanitizer works by safely bonding to skin, **giving guests and staff 24 hours of protection**, providing them and extra feeling of safety and security while in your establishment and even after they depart. Spray GermFree24 directly on to the hands until the hands are moistened. Rub hands together to dry. On application hands feel silky and moisturized without leaving a visible film or coating. A single application of GermFree24 **will act like a glove**, providing an invisible bond to the skin for 24 hours without the need for reapplication. GermFree24 does not rub off and **will remain active on the skin's surface for up to 10 wash / dry cycles** using a regular towel.

- Non-toxic, non- drying
- 24 Hour Protection on Skin
- Kills Germs Continuously
- Active Ingredient: Benzalkonium which eliminates 99.99% germs and even improve moisture on the skin in <15 seconds!
- Safe to handle and store
- Will not stain clothing or skin
- Odorless
- FDA and EPA Approved
- Meets EN14476
- 5L Jug

Personal Protective Equipment

SURGICAL MASKS

Part Number: 92-2691-00

Our 3-Ply Face Masks are **medical grade, disposable surgical face masks**. Whether you are preventing infection or protecting others from your sickness, these masks are made for you. The three layers of this mask are designed to filter out allergens and other airway agitators. Featuring ear loops and a malleable nose wire, these masks are breathable and comfortable.

- Medical grade
- Disposable
- >95° Bacterial Filtration Efficiency
- Elastic ear loops for variable head sizes
- Wire-reinforced nose border for snug fit
- 3-Ply
- Filter layer allows for easy breathing
- 50 per pack (not individually wrapped)

Do not use mask if it is damp or for more than a single use. Masks help meet regulatory guidelines for locations looking to maintain operations.

Disclosure: Not Sterile

Personal Protective Equipment

BLACK NITRILE POWDER-FREE GLOVES

Part Number: 92-2663-00, 92-2535-00, 92-2536-00

These single-use industrial strength nitrile gloves **prevent cross contamination while hiding dirt, grease, and grime**. They provide tactile sensitivity and are good for mechanic and industrial jobs. Gloves are designed with a beaded cuff to provide extra strength.

- 100 Gloves Per Carton
- Color: Black
- Powder-Free
- Thickness: 6 mil
- Allergy-free
- Puncture and abrasion resistant
- Abrasion
- Superior dexterity
- Beaded cuff for added strength
- Available in S, L, and XL

For general industrial use. Please speak with your sales representative about sizes. Made with FDA Listed materials for use with food.

Specifications Met: FDA Compliant, Tested to EN 374 permeation standard. Tested for use with Fentanyl Citrate as per ASTM D6978

Personal Protective Equipment

LATEX POWDER-FREE GLOVES

Part Number: S-6606

These single-use general-purpose latex gloves **prevent cross contamination and provide the dexterity needed for intricate work**. They are good for jobs that require tactile precision and are designed with a beaded cuff to provide extra strength.

- 100 Gloves Per Carton
- Color: White
- Powder-Free
- Thickness: 5 mil
- Superior dexterity
- Beaded cuff for added strength
- Available in M, L, and XL

For general industrial use. Please speak with your sales representative about sizes. Made with FDA Listed materials for use with food.

Specifications Met: FDA Compliant

Personal Protective Equipment

ANTISEPTIC TOWELETTES

Part Number: 27-0341-00

Portable and easy to carry wet naps, these alcohol-based moist towelettes **provide a fresh and easy way to stay clean and sanitary**. Each towelette is individually wrapped for your convenience and protection. This soothing formula cleans, refreshes, and dries in seconds, leaving skin soft and smooth.

- Individually wrapped
- 1,000 packets per carton
- Ingredients: Water, Glycerin, Isopropyl Alcohol, 0.4% Benzalkonium Chloride
- 2" x 2" (4" x 7" unfolded)
- Unscented
- White

Sanitizing Equipment

SANITIZE BOX – OZONE STERILIZATION BOX

Sanitize and disinfect viruses, bacteria, and germs on any surface including masks, glasses, keys, smartphones, tablets, wallets, coins, casino fiches, cards or any other item of common use using **ozone gas**. Because of its high oxidation potential, ozone is a potent germicide that removes organic and inorganic compounds. Ozone possesses much higher disinfection capabilities than other commonly used disinfectants and can disinfect entire surfaces, including hard-to-reach areas.

- Kill germs and bacteria without using chemicals
- Easy to use – a single button allows the 25-minute cycle to start automatically
- Operation is fully automatic
- Consumables as filters or refills not needed, so you are ready to start with the box only
- Operating and maintenance costs are equal to zero

3 sizes available:

- **Small** (External 300 × 200 × 120 mm; Internal 220 x 162 mm)
- **Medium** (External 430 × 300 × 250 mm; Internal 350 x 261 mm)
- **Large** (External 600 × 400 × 400 mm; Internal 530 x 360 mm)

OZONE GENERATION

Maximum production	800 mg/h
Concentration in the sanitization chamber	> 4 ppm
Cycle duration	25 minutes

ELECTRICAL CHARACTERISTICS

Power Supply	12 Vdc ± 10%
Standard consumption	0.8 A

POWER ADAPTER

Power supply voltage	from 100 Vac to 240 Vac
Frequency	47 Hz to 63 Hz
Output	12 Vdc, 2 A
Power	24 W

ENVIRONMENTAL CONDITIONS

Operating temperature	from 0 °C to +50 °C
Relative humidity (RH)	from 10% to 85% (without condensation)
Storage temperature	from -20 °C to +70 °C
Storage relative humidity (RH)	from 10% to 95% (without condensation)

Sanitizing Equipment

ZOONO MICROBE SHIELD SPRAY

Part Number: 29-0421-00

Zoono is colourless, odourless, nonleaching, environmentally safe, noncorrosive shield to protect your surfaces from transmitting viruses and bacteria. Zoono Microbe Shield is water-based and does not contain alcohol. When applied to a surface, Zoono leaves behind a mono-molecular layer that permanently bonds to the surface. The product contains a molecule that, once dried and hardened, creates a surface of microscopic pins and needles that can **pierce and destroy harmful organisms for between 30 to 60 days after only one application**. For plastic and painted surfaces, spot test on an inconspicuous area before use.

- Active for up to 30 days
- Kills 99.99% of Germs
- Non-Toxic for humans and animals
- Alcohol-Free
- Won't wash off with normal cleaning
- Non-staining / Non-leaching
- Suitable for wide range of surfaces
- Food safe / Environmentally safe
- Safe to handle / Safe to store
- Does not require mixing
- FDA & EPA Approved & Health Canada Authorized
- 250 ml bottle with trigger
- Certifications, lab reports, studies and experts, both medical & scientific, available upon request

Sanitizing Equipment

Avistat-D Spray Disinfectant Cleaner

Part Number: 29-0415-00

This product is a general, ready-to-use cleaner and disinfectant formulated to disinfect hard, nonporous, inanimate environmental surfaces: floors, walls, metal surfaces, stainless steel surfaces, glazed porcelain, glazed ceramic tile, plastic surfaces, chrome, brass, copper, laminated surfaces, bathrooms, shower stalls, bathtubs, and cabinets. For plastic and painted surfaces, spot test on an inconspicuous area before use.

- EPA Registered
- Cleans plastic and glass
- Active Ingredient: Dual Quaternary
- 1-quart bottle
- Can be paired with 29-0416-00 Trigger for immediate use-TRIGGER NOT INCLUDED
- MSDS available online

Sanitizing Equipment

9" Trigger for Spray Bottles

Part Number: 29-0416-00

Plastic trigger for spray bottles including 29-0415-00 designed for quick and easy cleaning.

- Three finger trigger and rear support make extended use more comfortable
- Up to 20% greater output per stroke significantly reducing the number of times you pull the trigger
- Outer body protects piston assembly from damage during use and storage
- Available in White or Red

Sanitizing Equipment

ISOPROPYL ALCOHOL

Part Number: 29-0393-00

99.8% pure anhydrous (containing the least water possible and no denaturant) [isopropyl alcohol is excellent for electronics cleaning and ensuring a sanitized surface](#). Avoid "bargain" alcohols for critical electronic cleaning which contain much more water, slows drying, can cause oxidation, and leave residues.

- 99.8% Pure IPA
- Non-ozone depleting
- 1 Pint (473 ml) bottle
- >60% concentration for sanitizing
- No denaturant meaning no residue
- Non-corrosive for flux removal
- MDS Available

Specifications Met: ACS Re-Agent Grade, FED SPEC TT-1-735A (Amend 3, Notice 2) Grades A&B, ASTM D770-05

Sanitizing Equipment

ISOPROPYL ALCOHOL WIPES

Part Number: 29-0028-00

Convenient, low linting alcohol wipes are pre-saturated with 99+% pure IPA for quick, easy sanitizing. These wipes are ideal for tool kits and field applications as they are individually wrapped.

- 99.6% pure anhydrous isopropanol for general purpose cleaning
- Non-ozone depleting, zero residue
- Safe on plastics
- 5" × 5.5"
- Non-corrosive for flux removal
- 50 pre-saturated packets per box; 10 boxes per case
- Sold in boxes of 50
- MDS Available

Specifications Met: ACS Reagent Grade IPA, Fed Spec TT-1-735A (Amend 3, Notice 2) Grades A&B, ASTM D770-05

Sanitizing Equipment

E-LINE IPA ISOPROPYL AEROSOL SPRAY

Part Number: 29-1125-12

99.8% pure anhydrous (containing the least water possible and no denaturant) isopropyl alcohol is excellent for tape head cleaning, defluxing, stencil cleaning, other light cleaning, and as a flux thinner. Accessible, aerosol packaging allows for cleaning and sanitizing in hard to reach places.

- 99.6% pure anhydrous isopropanol for general purpose cleaning
- Non-ozone depleting
- Safe on plastics
- Zero residue
- Non-corrosive for flux removal
- Low toxicity
- 12 oz (355 ml) aerosol can
- MDS Available

Specifications Met: Compliant with SCAQMD Rule 1171, ROHS compliant

Sanitizing Equipment

HAND SANITIZER

Part Number: 27-0343-00 LIMITED SUPPLY

This alcohol-free hand sanitizer kills 99.9% of germs instantly without drying out your hands or damaging your skin.

- Alcohol-free
- Clear liquid
- Disinfectant and sanitizer
- Kills 99.9% of germs
- Active Ingredient: Quaternary Ammonium Chloride
- 1 Gal (3.78 L)
- WG-400 PPM – READY TO USE

Specifications Met: NSF Certified

And don't forget our standard cleaning products...

Cleaning Products

SIMPLE GREEN CLEANER AND DEGREASER

Part Number: 29-1037-00

This industrial cleaner and degreaser is a safer alternative to toxic cleaners, bleaches, and solvents. The concentrated formula cleans, degreases and deodorizes without harsh chemicals. The trusted formula is nontoxic, nonabrasive, noncorrosive and safe for use on all washable surfaces such as counters, sinks, floors, equipment, engines, vehicles, and more.

- Safe to use cleaning hands
- Can be used full strength or diluted
- Sassafras fragrance
- Alcohol based
- 3.78 L size
- 6 per case

Specifications Met: Safer Choice, Meets U.S. EPA Safer Product Standards

Cleaning Products

SUZOHAPP SCREEN CLEANING WIPES

Part Number: 29-0401-00

Designed for use on LCD Screens, Plasma Screens, Smart Phones, Tablets, and Monitors. Removes dust, fingerprints, grease, oils and other smudges. Wipes are safe for keypads keyboards, button panels, and remotes.

- Environmentally Friendly - Alcohol Free, Non-corrosive, and Non-oxidizing
- Wipe is 17.8 cm by 20.3 cm
- 100 wipes per canister
- Wipes will not scratch or leave residue
- Anti-static property added

Cleaning Products

WYPALL L40 WIPERS

Part Number: 27-0105-00

This industrial cleaner and degreaser is a safer alternative to toxic cleaners, bleaches, and solvents. The concentrated formula cleans, degreases and deodorizes without harsh chemicals. The trusted formula is nontoxic, nonabrasive, noncorrosive and safe for use on all washable surfaces such as counters, sinks, floors, equipment, engines, vehicles, and more.

- Convenient, strong and reusable
- Low cost, high quality
- Virtually lint-free
- Non-abrasive material - Soft enough for use on face and hands
- Size: 28.4 W x 25.4 L cm
- Color: White
- 90 wipes per box, 9 boxes per case

Cleaning Products

ZERO CHARGE KEYBOARD AND SCREEN CLEANER

Part Number: 29-0059-00

Eliminates static charge from sensitive surfaces and provides long-term static protection. For optical clarity and distortion free reading. Removes hand oils, ink marks, dust, fingerprints, nicotine, syrup, carbon and other soils. Safe on plastic, ceramics, glass, metal and elastomers.

- Non-streaking
- Non-ozone depleting
- Cleans plastic and glass
- 50 pre-saturated packets per box;
10 boxes per case
- Sold in boxes of 50
