Cash Management Components

Vantage & Vantage Connect

The Inseparable Duo for Coin and Note Management

- ✓ Vantage Bill Validator is an industry-leading solution with a host of advanced features for highest in-service time. Extremely robust and flexible, Vantage is designed to enhance operator business by maximizing profitability.
- ✓ Vantage Connect is a new IoT-ready device which represents the latest innovation in coin acceptance and recycling technology. Thanks to the PRP (Payout Redundancy Protection) system, six tubes and three independent motors, it delivers superior results to vending operators in terms of high coin capacity, excellent payout reliability and maximum configuration flexibility. Vantage Connect is equipped with wireless capability which allows operators to modify all the parameters, update firmware and optimize maintenance with a common smartphone or tablet, eliminating the need for proprietary handheld device.

RM5 HD

The Record-breaking Coin Validator

- ✓ Extreme reliability, remarkable acceptance speed and high versatility.
- ✓ 5 different sensors and 10 recognition parameters to ensure a high level of recognition and discrimination of valid and counterfeit coins with an unprecedented speed up to 6 coins per second.
- ✓ Over 2 million coin validators installed!

Evolution Hopper

High Dispensing Speed and Reliability

- ✓ Based on a belt drive, Evolution Hopper is excellent in terms of both performance and ease of maintenance.
- ✓ The combination of extremely wear-resistant plastic resins with state of the art electronics has produced a device with low purchase and management costs.
- ✓ The unique concept provides a single build type hopper that is suitable for 95% of the world's coins and tokens without needing adjustments.

SUZOHAPP Cabinet Pro Line
