

CashIO Silver Self-Service Payment Terminal (CRT)

Part Number: 96-2084-00

CashIO Silver is the ultimate ultra-small footprint kiosk solution for automated cash handling in VLT gaming with all the features needed to support casino operators at every level – right up to cashless gaming. Long lines at the cashiers mean increased machine idle time – and that hurts both your bottom line and your customers' satisfaction. Plus, all over the world, coinless and cashless gaming is gaining ground against the traditional coin-based systems. Since the CashIO Silver automates cashier operations, it not only reduces cash handling costs but also offers players improved service. It even allows the simultaneous use of banknotes, coins, and cashless media such as tickets and cards (TITO – ticket-in / ticket-out).

- 21" Touchscreen
- Up to 4 cassettes (500 notes ea.) supporting up to 4 denominations
- Bill/Ticket Acceptor (1,000 notes)
- TITO/Receipt Printer OR Card reader (Mag. stripe, Chip cards, RFID)
- Coinless options
- ART-Central Management Platform
- Small footprint: 1640x260x465mm and 100kg
- Power Supply: 120-220V, 50/60Hz
- CE, UL, and RoHS Compliant

CashIO Silver Self-Service Payment Terminal (CRT)

Part Number: 96-2084-00

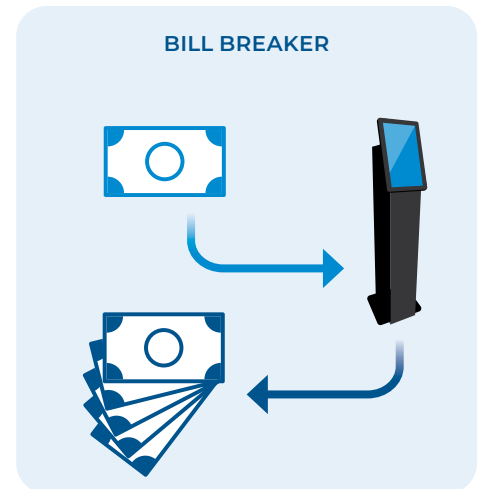

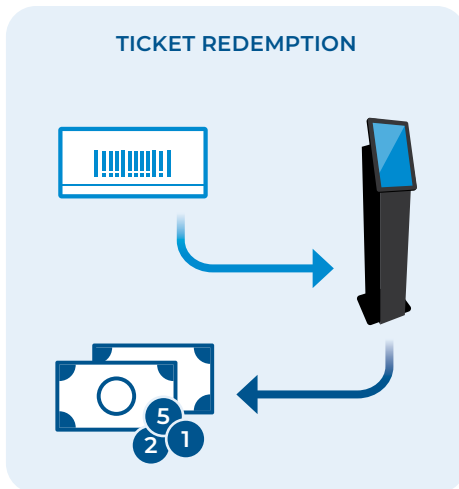

The CashIO Silver system offers maximum convenience and outstanding ease of use for customers. The gaming machine issues players a ticket representing their winnings. With the ticket, they can either move on to another slot machine or go to the CashIO Silver, where they can collect their winnings without standing in line at the cashier's cage. CashIO Silver is able to print tickets for the coin change during redemption transactions. This allows for optional coinless operation at the CashIO Silver.

All-in-One Cashless redemption and issuing payment terminal:

- Multi-medium interfaces
- Redeems and prints TITO/2D/QR tickets
- Card issuing, recharge, and redemption for Mag. stripe/Chip/RFID/NFC cards
- Pays out card balances down to the cent with banknotes and coins
- Mobile bank transfers
- Multi-platforms payment (casino, route gaming, VLT, sports betting, bingo, pull-tab, lottery, etc. ...)

Operational efficiency and cost saving features:

- Coinless options: Change donation, Ticket redemption rounding, Ticket as change
- Ticket purchase with POS Debit transaction to optimize cashflow
- Face recognition and biometric login
- User instructions provided via touchscreen with multiple language/multiple currencies
- Breaks large denomination banknotes into several smaller ones (configurable)
