- LED wash lighting behind Front Panel and in dispensing tray

ITV-180

Instant Ticket Vending Machine

Easy-Fill Dispensers

Customized tilting mechanism, to easily fill each dispenser.

High Capacity

The modularity of the ITV machine allows for a multitude of dispenser configurations. It has a capacity of **up to 15 dispensers**, with large ticket trays situated behind each dispenser.

Front panel customization included

Remote Monitoring and Management

The machine is equipped with remote management features that allow operators to monitor inventory levels, track sales data, get stock status alerts, and manage machine settings and software from a centralized location (PC, tablet, mobile phone). This helps optimize operations and maximize profitability.

High Security

- ✓ 11-point locking bar
- ✓ Custom lock with Four Eyes Principle
- ✓ Secure hinges over full length of door
