WHY CHOOSE US

Industry Experts

With decades of experience in the gaming and sports betting industries, we offer custom solutions and high-quality, proven components.

Network & Inventory

Our global network of trusted partners ensures we provide industry-leading components. We keep a reliable inventory, helping you equip your operation with top-quality hardware at a lower total cost.

Fast & Flexible

We can quickly customize to meet your needs. With an established supply chain and strategically located facilities, we offer fast sourcing, delivery, and access to the best quality without compromising on price.

Certifications & Experience

For nearly 10 years, we've supported the European sports betting market, with over 126 licenses in place. We comply with key certifications (CE, FCC, UKCA, UL, GLI) and can help fast-track your product to market.
